

# Charlotte Hetzler

full-stack developer

## Professional Profile

Having studied Business Administration, I worked in the area of finance and accounting at KPMG and BMW before I decided to walk new paths and learn to code. With the participation in the Le Wagon bootcamp in Tel Aviv I discovered a new passion for coding and am now happy to follow this path and expand my knowledge.

## Experiences

### Computer Programming

Le Wagon / May 2019 - Jul 2019

9-week intensive coding bootcamp learning HTML, CSS, Bootstrap, JavaScript ES2015, SQL, git, GitHub, Heroku and Ruby on Rails. Designed, implemented and shipped to production a clone of AirBnB and a Rails prototype of joyage.fun.

- understanding of programming language structures.
- web development in interaction with different coding languages.
- teamwork on github.

### International Risk Management

BMW Group / Jul 2017 - Jan 2019

Responsible for setting residual values in local markets based on complex statistical models. Analysing possible impacts on residual values resulting from actual political and regulatory discussions.

- interaction between and dependency on multiple departments.
- deep understanding of statistical model set ups for calculating residual values as well as data analyses with SAS and SQL.

### Advisory Financial Services

KPMG AG/ Nov 2014 - Mar 2017

Responsible for consulting international financial institutions on how to implement regulatory changes to conform with legal accounting requirements.

- in-depth understanding of complex problems, such as legal and financial analyses and regulatory work.
- direct client interaction, result presentation and meeting conduction leading to improved collaboration and communication skills as well as professional time management.
